**My life now is my dessert, the whipped cream of leisure I was longing for. It probably sounds empty to many, and not useful, but I am tired of being useful. This is my time to enjoy the quietness of just being, of stopping to look and feel and think, of indulging myself.**

**Time for myself at last.**

2. **The circus is a popular form of entertainment in Russia. The Russian circus emphasizes talent and skill, and most popular acts feature acrobats, trapeze artists, clowns, and animals. Bears and horses appear most frequently, but elephants, tigers, lions, dogs, and even pigs and cats, are also featured.**

**Moscow has two circus buildings and two troupes. The older circus, recently renovated, features animal acts; the newer one, near Moscow State University, is famous for its trapeze artists, who fly high above the spectators. Russian circus performers always use safety nets.**
